

# ADDRESSING SOCIAL AND HEALTH DISPARITIES IN THE INCARCERATED POPULATIONS

## SATELLITE CONFERENCE AND LIVE WEBCAST

Wednesday, June 23, 2010 2:00-4:00 p.m. (Central Time)

3:00-5:00 p.m. (Eastern) • 1:00-3:00 p.m. (Mountain) • 12:00-2:00 p.m. (Pacific)

How well do ex-offenders transition from corrections to the community? Incarceration itself can often increase the risk of disease, assault, and contribute to other mental health issues. Without access to adequate health care services, ex-offenders can often disrupt communities and increase crime rates. Program faculty will provide cultural sensitivity training on the social and health disparities the incarcerated and ex-offender populations face as they reenter communities.
